

Original Request:

I am writing under the FOI Act to request records of high-value (over £500 in value) retail thefts involving Lego products since January 2019.

More specifically:

1. The number of recorded shoplifting and burglary offences where "Lego" is explicitly mentioned in police reports, broken down by year and location.

Amended request

I'm not interested in burglary of residential properties. I want to get information solely about businesses.

I'd be grateful if you could consider looking for information from the past 2 years (from 2023 Q1 until today).

As for the burglary's location - would it be possible to get information about where the burglary occurred (address and/or business name)?

Year	Total
2023	46
2024	83
2025	23
Total	152

2. Which of these cases led to a charge or conviction.

We do not have access to any data relating to convictions, therefore only the volumes of charges are provided.

Year	Total
2023	5
2024	22
2025	1
Total	28

4. A breakdown of locations where Lego thefts were reported, specifying whether they occurred in:
